Jeannette Larareo

Jeanne E. Hemenway

Elizabeth Baker-Mathers

'Jean'

'Jean'

'Liddy'

This year the Williamsburg Town Report pays tribute to three women who have served the Town admirably for many years.

Jean Hemenway, a well known and loved member of our community, served as a selectman for sixteen and a half years, from August 1972 to May 1988. Although Jean retired as a selectman, she continues to serve the Town as a member of the Finance Committee, the Whiting Street Fund and the Williamsburg Historical Society. At the present, Jean is working on the preservation of old town records.

Jean Larareo was appointed Town Secretary on February 14, 1977 and served in that capacity until May 1982. Jean's cheerful manner and her knowledge of the Town made her an excellent Town Secretary. In 1978 Jean was appointed assistant Town Clerk, a position she held until she decided to leave town government in 1982 to open a family owned business which she and her family continue to operate in Williamsburg.

Liddy Baker-Mathers was appointed Town Secretary on May 24, 1982 and served as Town Secretary until November 1988. Liddy was appointed assistant Town Clerk and served in that position from 1982 to 1988. Liddy will always be remembered for her helpfulness to Town residents and her sunny disposition. In November of 1988, Liddy decided to pursue her first love, art, and resigned as Town Secretary and assistant Town Clerk.

These three women, in their service to the Town of Williamsburg, have shown by their example, the spirit of community. We wish to express our sincere appreciation for their many years of faithful service to the Town. They will always be remembered.

THE PEN AND INK SKETCH OF THE HAYDENVILLE LIBRARY ON OUR COVER WAS DONE BY OUR OWN LOCAL ARTIST, ATTORNEY KENNETH BOWEN, TO COMMEMORATE THE 100TH ANNIVERSARY CELEBRATED BY THE LIBRARY IN THE FALL OF 1989. PRINTS SIGNED BY THE ARTIST, AND UNSIGNED PRINTS, ARE AVAILABLE AT THE THE HAYDENVILLE TOWN OFFICE, ALONG WITH NOTE CARDS. THE SKETCH IS THE FIRST ISSUE IN A SERIES OF A COLLECTION OF HISTORIC TOWN BUILDINGS AND IS SUITABLE FOR FRAMING. DONATIONS FOR THE SKETCHES WILL BE USED TO MAINTAIN OUR HISTORIC BUILDINGS.

THE HAYDENVILLE LIBRARY ASSOCIATION WAS FORMED IN 1884, AND THE FIRST LIBRARY OPENED IN THE HAYDENVILLE CENTER SCHOOL.

THE PRESENT LIBRARY BUILDING ON THE CORNER OF ROUTE 9 AND SOUTH MAIN STREET WAS A GIFT OF ANNA HAYDEN IN MEMORY OF HER BROTHER CHARLES AND WAS BUILT ACROSS THE STREET FROM THE HAYDEN FAMILY HOMES, AT A COST OF \$1,000. GROUND WAS BROKEN FOR THE BUILDING IN AUGUST, 1889, WITH THE DEDICATION TAKING PLACE IN NOVEMBER OF THAT YEAR.

THE PRESENTATION WAS MADE BY HUGO REID OF NEW YORK, FORMERLY OF HAYDENVILLE. WILBUR M. PURRINGTON DELIVERED THE RESPONSE. THE COSTS OF OPERATING THE LIBRARY ARE MET BY ANNUAL TOWN APPROPRIATIONS AND BY INDIVIDUAL CONTRIBUTIONS.

THE LIBRARY IS OPEN ON MONDAY FROM 10AM TO 12 NOON AND ON TUESDAY AND FRIDAY FROM 2PM TO 6PM.

The New Computer System has been installed and the Assessors have been readying the necessary procedures to transfer the existing data from the old Computer to the New System. As soon as the FY 1991 Field Work is complete, the Assessors must begin gathering and entering all the additional data needed by the new Computer System.

The gathering and input of this data must be complete for the FY 1992 triannual revaluation.

The Department of Revenue requires that the Assessors submit an article in the FY 1991 Warrant for this purpose, as the Revaluation commences January 1, 1992. With the aid of the new Computer System we hope to be able to be allowed to do the Revaluation in house.

Respectfully Submitted

Funds saved should be used to promote the security of local communities, fund education, protect the environment and provide essential human services, or take any other action thereon.

## ARTICLE 10.

To see if the Town will accept Chapter 41, Section 97 of the General laws as follows:

"In towns which accept this section or have accepted corresponding provisions of earlier laws there shall be a police department established under the direction of the selectmen, who shall appoint a chief of police and such other police officers as they deem necessary, and fix their compensation in an amount not in the aggregate exceeding the annual appropriation therefor. In any such town in which such appointments are not subject to chapter thirty-one, they shall be made annually or for a term of years not exceeding three years, as the selectmen shall determine, and the selectmen may remove such chief or other officers for cause at any time during such appointment after a hearing. The selectmen may make suitable regulations governing the police department and the officers thereof. The chief of police shall be in immediate control of all town property used by the department, and of the police officers, who shall obey his orders.

Or take any other action thereon.

## ARTICLE 11.

To see if the Town will vote to accept the following by-law authorized by Chapter 40, Section 57 of the Massachusetts General Laws, said section having been accepted at the Annual Town Meeting of May 2, 1989 as Article 32 of the continued session held on June 19, 1989:

1. Applications for permits or licenses, including renewals or transfers, to be granted by any Town Board, Department or Officer, shall bear the certificate of the Collector that receivables for taxes, fees, assessments, betterments, or any other municipal charges are current, as described in 2(a) hereof.
- 2(a) The Collector shall annually furnish to each department, board, commission or division, hereinafter referred to as the licensing authority, that issues licenses or permits including renewals and transfers, a list of any person, corporation, or business enterprise, hereinafter referred to as the party, that has neglected or refused to pay any local taxes, fees, assessments, betterments or other municipal charges for not less than a twelve month period; as amended-
- 2(b) The licensing authority may deny, revoke or suspend any license or permit, including renewals and transfers or any party whose name appears on said list furnished to the licensing authority from the collector; provided, however, that written notice is given to the party and the collector, as required by applicable provisions of law, and the party is given a hearing, to be held not earlier than fourteen days after said notice. Said list shall be prima facie evidence for denial, revocation or suspension of said license or permit to any party. The collector shall have the right to intervene in any hearing conducted with respect to such license denial, revocation or suspension. Any findings made by the licensing authority with respect to such license denial, revocation or suspension shall be made only for the purposes of such proceeding and shall not be relevant to or introduced in any other proceeding at law, except for any appeal from such license denial, revocation or suspension. Any license or permit denied, suspended or revoked under this section shall not be reissued or renewed until the license authority receives a certificate issued by the collector that the party is in good standing with respect to any and all local taxes, fees, assessments, betterments or other municipal charges, payable to the municipality as the date of issuance of said certificate; as amended-
- 2(c) Any party shall be given an opportunity to enter into a payment agreement, thereby allowing the licensing authority to issue a certificate indicating said limitations to the license or permit and the validity of said license shall be conditioned upon the satisfactory compliance with said agreement. Failure to comply with said agreement shall be grounds for the suspension or revocation of said license or permit; provided, however, that the holder be given notice and a hearing as required by applicable provisions of law; as amended-
- 2(d) The board of selectmen may waive such denial, suspension or revocation if it finds there is no direct or indirect business interest by the property owner, its officers or stockholders, if any, or members of his immediate family, as defined in section one of chapter two hundred and sixty-eight in the business or activity conducted in or on said property; as amended-
3. This section shall not apply to the following licenses and permits: open burning; section thirteen of chapter forty-eight; bicycle permits; section eleven A of chapter eighty-five; sales of articles for charitable purposes, section thirty-three of chapter one hundred and one; children work permits section sixty-nine of chapter one hundred and forty-nine; clubs, associations dispensing food or beverage licenses, section twenty-one E of chapter one hundred and forty; dog licenses, section one hundred and thirty-seven of chapter one hundred and forty; fishing, hunting, trapping licenses, section twelve of chapter one hundred and thirty-one; marriage licenses, section twenty-eight of chapter two hundred and seven and theatrical events, public exhibition permits, section one hundred and eighty-one of chapter one hundred and forty.

## ARTICLE 12

TO SEE IF THE TOWN WILL PETITION THE SENATE AND HOUSE OF REPRESENTATIVES IN THE GENERAL COURT TO AUTHORIZE THE FOLLOWING SPECIAL ACT:

**SECTION 1.** It is hereby declared essential that the Town of WILLIAMSBURG for the benefit of the people of the Town, shall continue to maintain economical and efficient sewer and water systems; that the Town be provided a means to improve its water and sewer services operated in a modern, efficient, financially self-sustaining, and environmentally sound manner; that just, equitable and sufficient fees, rates and charges for water and sewer service within the Town be established and all consumers, public and private, taxpayer and tax exempt, pay their fair share of the costs of such services; all to the public benefit and good, as and to the extent and in the manner provided herein, this act may be referred to and cited as the WILLIAMSBURG Water and Sewer Reorganization Act of 1990.

**SECTION 2.** Sewer Works Systems: shall mean the existing sewer works system in the possession of and under the jurisdiction, ownership, control and regulation of the Town and its Sewer Commission, and all facilities, betterments, extension, improvements, enlargements thereto hereafter constructed or acquired.

Water Works System: shall mean the existing water supply and distribution system in the possession of and under the jurisdiction, ownership, control, and regulation of the Town and its Water Commission, and all facilities, betterments, extension, improvements, and enlargements thereto hereafter constructed or acquired.

**SECTION 3.** Except as otherwise provided in this act, the powers of the Commission shall be exercised by a board consisting of five members who shall be the incumbent Water Commissioners and Sewer Commissioners until the next annual election and until their successors as provided herein, are duly qualified to serve. Such persons shall be elected by ballot at the annual town election next after acceptance of this act, with two Commissioners to be elected for a term of three years, two Commissioners to be elected for a term of two years, and one Commissioner to be elected for a term of one year. Upon the expiration of the initial terms, each of the said Commissioners shall be thereafter elected for three year terms.

**SECTION 4.** All existing acts pertaining to the Water Department including Chapter three hundred and forty-nine of the acts of nineteen hundred and one shall remain in effect. The Commission shall operate on the same fiscal year as the Town of WILLIAMSBURG and be subject to what sums of money the Town may vote, for such purposes as the Town may vote, at either an annual or special town meeting, to raise and appropriate or transfer from available funds to pay interest and principle on maturing debts; for charges, expenses, outlays; for a water Stabilization Fund and a Sewer Stabilization Fund for future improvements and the Stabilization Funds be allowed to retain interest.

**SECTION 5.** The Commission shall assume all the rights, duties and obligation of the Town of WILLIAMSBURG Sewer Commission and the Town of WILLIAMSBURG Water Commission. It shall assume the care, custody, and control of all property, personal or real, which as of that date resides in the care, custody, and control of the aforesaid Sewer and Water Commissions. The Water/Sewer Commission shall be allowed to set, commit and abate rates and charges for water and sewer. At any town meeting, the Water and Sewer Commission may cause to be established stabilization funds for future improvements to each system to an amount to meet future need of either system under Sections 7 and 8 of Chapter 44 of the General Laws, and the Town Treasurer, with the approval of the Board of Selectmen, invest and reinvest said stabilization funds pursuant to the provisions of Section 1 of Chapter 368 of the Acts of 1989. The accounting officer of the Town establish a Water Surplus Revenue Fund and a Sewer Surplus Revenue Fund for future operation and improvements to the water and sewer systems. Said Water and Sewer Commission shall not be subject to the provisions of Section Twenty-one C of Chapter Fifty-nine of the General Laws.

**SECTION 6.** The Commission shall have all the rights and powers which presently exist and reside in the WILLIAMSBURG Sewer and Water Commissions under the General Laws of the Commonwealth.

**SECTION 7.** Upon the effective date of this act, except as otherwise provided herein, any provisions of any special laws and parts of special laws, and all bylaws and parts of bylaws pertaining to the sewer and water works system, which are inconsistent with the provisions of this act, shall be inoperative and cease to be effective.

**SECTION 8.** This act, being necessary for the welfare and living conditions of the Town and its inhabitants, shall be liberally construed to effect the purposes hereof.

## ANNUAL REPORT OF THE TOWN COLLECTOR

Dear Taxpayers,

On the following pages you will find my annual report for Fiscal 1989.

I wish to thank all the taxpayers of the Town of Williamsburg for their support in making voluntary real estate tax payments. The amount received for FY'89 was \$456,048.51. This represents about 36% of the total amount committed.

The response for FY'90 has been more than anticipated with receipts amounting to \$468,104.87.

My thanks to Kathy Warner, Don Williston, Carl Satterfield and those who have helped to make my job "a little bit easier".

Hopefully, the good people of our great Town of Williamsburg will continue to support their Town and help to get us through these trying times of great financial crisis.

Very truly yours,

Katharine B. Curtin  
Town Collector

The following is a list of monies collected for Fiscal 1989  
(July 1, 1988 through June 30, 1989)

Building Inspector	\$ 6048.86
Plumbing Inspector	1017.00
Gas Inspector	370.00
Rent-Old Town Office	1800.00
Rent-Apple Tree	900.00

## ANNUAL REPORT OF THE CONSERVATION COMMISSION

The Conservation Commission holds a monthly meeting on the second Thursday of each month at 7:00 P.M. at the Town Office. Site inspections is the administration of the Wetlands Protection Act, General Law 131, Section 40, within the Town of Williamsburg. The Act has jurisdiction over any activity within a wetland, floodplain, river, stream or within a buffer zone of 100 feet from those areas. No project shall commence in any area protected by law without prior filing of a Notice of Intent with the Conservation Commission.

In 1987 a wildlife habitat protection regulation was added to the Wetlands Protection Act. An appendix to the Wetlands Protection Act must be filed with the Natural Heritage and Endangered Species program by those located within protected areas. Three wildlife habitat areas have been identified in the Town. Maps delineating these areas are posted in the Town Office.

During 1989, the Commission held five public hearings. The first was a preliminary hearing for roadway construction on the Nash Hill Road property owned by Robert Harvey. That project also contained an area which fell within the Endangered Species Habitat. The filing of a Notice of Intent for that project was not pursued. Orders of Conditions were issued for the following projects. Three of the projects involved driveway construction with culverts. The final Order was issued to Nash Hill Associates for their housing for the elderly project.

Many on-site inspections were conducted to issue requests for wetlands determination, and to review areas for proposed projects. Some projects were permitted without filing a formal Notice of Intent, due to their small size or lack of wetland involvement.

Copies of the Wetlands regulations and application forms are available at the Town Office upon request.

Respectfully submitted,

David Haskell, Chairman

## ANNUAL REPORT OF THE COUNCIL ON AGING

The Council on Aging's purpose is to serve and represent the interests of the senior citizens of Williamsburg. The regional senior center and mealsite, located in the Town Offices' building, are staffed by a Director of the Council on Aging and a Mealsite Director who is affiliated with Highland Valley Elder Services. The center and mealsite are also open to seniors of Chesterfield, Cummington, Goshen, Plainfield, and Westhampton. A summary of the programs offered by the senior center and mealsite include:

Outreach: The Director makes phone calls and home visits to Williamsburg residents who need companionship and who request information, but are unable to come in to the center. Thirty-five such calls and visits were made during the past year.

Information and Referral: The Council receives current information regarding health and social services available to seniors. The center handled approximately twenty phone calls a month to refer seniors to relevant services.

Classes, Clinics and Programs:

- A consortium sponsored "small home repairs" program
- A monthly blood pressure clinic, 45 participants
- A bi-monthly podiatry clinic, 12 participants
- Vision screening, 26 participants
- A yearly flu clinic, 100 participants
- Blood cholesterol and glucose screening, 33 participants
- Twice weekly fitness classes, 15 participants
- Weekly line dancing class, 8 participants
- Singing group, 8 participants
- Brown Bag distribution, 50 participants
- Monthly crafts class, 9 participants
- Monthly needlework class, 3 participants
- Income tax clinic, 12 participants
- Two annual luncheons for hilltown seniors
- A seniors craft and bake sale
- Quarterly newsletter mailed to 750 senior households

Volunteer Support: Thirty volunteers generously gave over 600 hours of time to assist with running the senior center, the mealsite, Brown Bag distribution, the travel club, blood pressure clinics, and programs.

The Council on Aging extends special thanks to the following individuals and organizations: Highland Valley Elder Services, the Williamsburg VNA, AARP, Hampshire County United Way, Marion Williston, Margaret Martin, Dr. Siersma and staff, Emily Bancroft, Janet Turban, Dr. Plant, Donald Baldwin, Joyce Rankin, and the Town of Williamsburg for its support of the Council.

Respectfully submitted,

Anne Gelbard, Director

### County Commission

This is a new Department Report for our Annual Town Report. In November 1988, Hampshire County became one of two counties in the Commonwealth to adopt a Charter. The Charter replaced the system of electing three commissioners at large with a system of electing twenty-six commissioners, at least one of which comes from and is elected at the regular town election of each of the County's twenty municipalities. The Charter took effect on December 8, 1988, utilizing the former County Financial Advisory Board as the interim Commission until regular elections rolled around. Williamsburg elected its first separately chosen commissioner for a two year term on the first Monday of May 1989.

I was Williamsburg's representative to the County Financial Advisory Board (chosen by the Select Board from the Select Board) and thus an interim commissioner, and I was elected in May to the two year term. The Commission is organized into five committees, one of which, the Executive Committee, is comparable to the Select Board, running things between town meetings. In this case, however, the meetings are every month instead of twice a year, so the Executive Committee actually exercises much less freedom of action than does a Select Board. Like the Select Board, it principally offers leadership and ideas. The Executive Committee consists of the Chairman of the County Commission, the Vice-Chairman and three other Commissioners, all elected by the full Commission voting by weighted vote based on population. Williamsburg has 1.65 percent of the vote.

I have the honor to have been elected the first Commission Chairman in December, 1988, and I was re-elected in June, 1989. The term is for a Fiscal year (July 1 to June 30). I also serve on the Legislative and Code Committee, one of the other four standing committees.

Since organizing in December, 1988, your County Commission has engaged in three endeavors:

1. Organizing and defining ourselves. Our County Charter was intentionally drafted as a short "guideline" document rather than a detailed blueprint for action. The natural dynamics of 26 elected commissioners are creating the channels of the Commission's work. From the outside this is a boring process, but necessary and coming along well.
2. Staying afloat financially. This is a frustrating but crucial task. The County is the nearly forgotten child of the State. When we organized in December 1988, the State planned to take over the running of the Jail and House of Correction within a month. To this end, the Town assessments were diverted from the Towns to the State by reducing, dollar for dollar, the amount each Town received from the local aid budget. Had the Jail

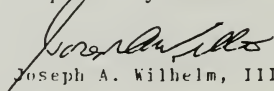

actually been taken over, the County could have pursued the goals established by our Charter: helping our municipalities in their regional needs. It did not happen; the Jail remains a County responsibility. The County was thus unable to fund the jail for the second half of the Fiscal year. (There is more, but only Fiscal historians will be interested). Instead we were promised a grant of \$2 million. This became authorization to borrow \$1.8 million on the open market to be repaid by an increase in the Deeds Excise Tax. That tax depends upon the sales of real estate; the real estate market promptly slumped. The loan did successfully see us through Fiscal 1989, but the same act that created the Deeds Excise Tax also created a new bureaucratic procedure in Boston to review the budget. No action was taken in Boston until January 5, 1990. Hence, the County was on the FY 1989 through the first seven months of FY 1990. At this writing, (February 3, 1990) the Boston Board has yet to review our appeal of their first decision. The adjustment we are hoping for is relatively small. The original grant will allow us to budget for FY90 and FY91 - if all of the State commitments are met.

3. Helping our Towns organize regionally. The County provided administrative back up for the ten (10) Towns that organized a solid waste co-op (including Williamsburg) and still provides office space for the Co-op's administrator. The regional dog control facility (ie. pound) is a County initiative struggling to implement plans on County land. The County is trying to find a way to provide a lockup for our Towns' overnight human prisoners (not much luck so far). We are trying to revamp the system for providing health insurance; the approach is to reverse the centralized direction of the past and to activate a committee representative of the 24 member organizations (towns & schools); this effort approaches resolution this Spring.

As Chairman of the County Commission I have been principally involved in the financial efforts of the County while other commissioners have taken the lead in the projects. I believe that if the State's payments for courthouse expenses and so on are made timely, the County will be in a temporarily stable financial condition until June 30, 1991. Beyond that, predictions are impossible.

Respectfully submitted,

  
Joseph A. Wilhelm, III

## ANNUAL REPORT OF THE FIRE CHIEF

The Williamsburg Fire Department responded to fifty (50) calls during 1989. Eighteen were vehicle accidents; seven grass or woodland fires, five chimney fires; four alarm sounding calls; two vehicle fires; two appliance malfunctions; two hazardous material incidents (gasoline spills); one structure fire and nine miscellaneous calls.

The recent reduction in the Fire Department budget will result in a delay in upgrading the firefighters' protective clothing, specifically, not purchasing bunker pants, worn to offer a greater measure of protection to the firefighter. In todays world where firefighters encounter dangerous chemicals, even in homes and unknowingly, we must offer the best protection we can afford. Some otherwise harmless products, when heated or mixed with different products in a fire situation can become toxic.

The firefighters continue to train at our weekly in-service programs, at the fire school run by the Hampshire County Fire Defense Association and the County, and through the Massachusetts Firefighting Academy at regional courses.

The Firefighters used a large oil tank at the highway garage to make a facility to practice with the self-contained breathing apparatus using heat and smoke. It is a welcome addition to our training and I commend their efforts and ingenuity.

Respectfully submitted,

Roger A. Bisbee  
Fire Chief

## ANNUAL REPORT OF THE FOOTHILLS HEALTH DISTRICT

On April 1, 1989, the towns of Williamsburg and Whately entered into a general agreement to form and fund the Foothills Health District under the authority vested in them by MGL 111, Sec. 27A. This District is a working example of regional cooperation and the first Health District to cross county lines. It is subsidized by the Executive Office of Communities and Development, through the Incentive Aid Program, for a three year period. They provide a grant for the professional position of a shared health agent. This grant reimburses 75% of the agent's salary and the start up costs for an office for the first year. This commitment decreases to 50% of the agent's salary the second year and 25% the third year. The remainder of the salary and the operating expenses are shared by the towns. Their proportions are based on population figures.

Recent State budget cuts have resulted in dramatic decreases in the technical and financial support that was once offered to the towns. The curtailment in staff at the MDPH and the relocation of the Division of Food and Drug office to Boston directly affects the assistance local Boards of Health can hope to receive today and in the future. In concert with these budget cuts the State has revised many of the sanitary and environmental codes which has resulted in increased responsibilities for the Board of Health. Resources available to address these legal obligations are extremely limited. Other services compete for these same finances but no other arm of local government carries the extensive scope of responsibilities as the Board of Health.

The formation of a Health District is the most logical way to obtain professional expertise in the areas of public and environmental health. The consequences of casual enforcement and partial fulfillment of mandated obligations can lead to litigation proceedings against the town by any affected person or the State. The health agent can ease the threat of liability by adhering to all local and State regulations and maintaining accurate records. The most fundamental of these laws govern the licensing and inspection of all food service establishments, sewage disposal review and permitting, water testing and well installation review and permitting, and campground and housing inspections. In an effort to provide these services the fee schedule has been reviewed and updated to reflect the costs of conducting thorough inspections. The revenue generated is expected to offset the costs of operating the District and is cycled through the general revenue account of each town.

The goals of the Foothills Health District are to anticipate potential problems and deal with them before they become crises, to decrease the reasonableness of cause for litigation and to raise the level of public awareness concerning community sanitation and public health. The Board seeks your support in achieving these goals.

Joan Barry  
Health Agent

## ANNUAL REPORT OF THE GOSHEN AMBULANCE SERVICE

Calendar year 1989 as a very eventful time for our service. James Brisbois of Chesterfield and Shannon Smith of Williamsburg received their State EMT certification and joined the crew. David Keefe of Chesterfield completed his EMT-Intermediate and William Lamothe of Goshen is currently enrolled in the Paramedic program. Congratulations to them! There are three people currently enrolled in a Basic EMT class.

The new ambulance was delivered in August. It is a Yankee Coach, Lexington model built on a Ford chassis with a diesel engine. So far we are very happy with it. With the arrival of the new "A-1" work has been started to refurbish the old unit. When this is completed the service will have two class 1 ambulances in operation.

The State recently approved the use of Automatic Defibrillators. Our service now has seven EMTs certified to use this new equipment and with that attained, we purchased three of these units and have one in each of the Towns we serve.

The above mentioned purchases were the culmination of FOUR years of fund raising efforts by many groups and individuals notably the Chesterfield Fire Department and the Williamsburg Lions Club. To put the magnitude of this effort in perspective the new A-1 cost \$ 70,000. dollars, the refurbishment of A-2 will cost approximately \$ 10,000., and the defibrillators cost \$ 15,000. The other major purchase this year was ten multi-channel portable radios. Funding for this came from a very successful auction and associated fund drive, another \$ 10,000.1 Now almost all the EMTs have 2-way communications enabling quicker response and better patient care.

This year a paramedic response unit was started in Northampton. This unit is known as CRIT and is available to us on a request basis and has greatly augmented the quality of care we are able to provide to the residents of our Towns.

This last calendar year our service responded to 179 calls and treated 196 patients! Again, we call on YOU to get involved and help us continue to deliver quality health care to our communities. Being an EMT is demanding, time consuming, sometimes frustrating but usually very rewarding. Come join us and help make a difference!

I wish to thank ALL who help with this service in so many ways.

Francis S. Dresser

Goshen Ambulance

## HAMPSHIRE REGIONAL SCHOOL COMMITTEE REPORT

1989

The Seventh Grade Program, begun in the fall of 1988 with an unusually small class which required only one teaching team, expanded in the fall of 1989 into two teams in response to a more average incoming class size. The program allows close contact among students, families and the faculty. In the class room, reading, writing, and interdisciplinary curricular opportunities are program strengths.

The Senior High School social studies curriculum has been redesigned to include a semester course called "Background of World Culture" which will provide studies in Ancient History for all our students.

Among the five towns' Police Chiefs and the school administration cooperation has continued to ensure a consistent response to substance abuse. Within the school students' needs for information concerning nutrition, substance abuse, anxiety, mental health issues and related health issues have been recognized. A Health curriculum has been developed, and plans for required health classes for the senior high school developed for FY 91.

1989 may well be remembered as the year of the worst fiscal disorder of the 20th century in the Commonwealth. In response to that disorder, as the result of careful planning, and the reduction of our teaching staff by 3.2 positions, the school committee was able to return to the towns \$103,000. We do not expect to be able to repeat that in the future.

FY 90's budget reflected the last payment on the HRHS building's construction bond.

The Jr. Sr. High School building is twenty years old. Maintenance costs are increasing. We have arranged a five year maintenance/energy savings program through the Western Mass. Electric Co. designed to upgrade much of our electrical and heating system. The savings realized will be used to pay the costs incurred, with long term savings at the end of the program.

An ongoing focus of the faculty and staff, and school committee, is improved communication between the school and parents and the communities. The Guidance News is regularly published, providing a wide range of information, and the Seventh Grade Program is producing a monthly newsletter. The faculty with school committee support produced an informational pamphlet for wide distribution among the towns. We hope you will gain useful information about the school which you support. It is an ongoing privilege for the school committee to be involved in the educational opportunities our school provides for the children of the five towns. We thank you for your support, made particularly difficult in these troubled times.

## ANNUAL REPORT OF THE TRUSTEES OF THE HAYDENVILLE LIBRARY

The Haydenville Library, built in 1889, celebrated its 100th anniversary with a series of outstanding events. Early in the year, the Friends of the Haydenville Library organized and began a fund-raising campaign to renovate the 100 year old building. The campaign was a great success, due to the support of interested townspeople and the untiring efforts of the Friends of the Library.

Thanks to the generous offer of Michael J. Moran, a new bathroom was installed, the first in the history of the library. The trustees are deeply grateful to him and to others who assisted in this project, including Northampton Plumbing Supply Co., Edward J. Duggan, Electrician, Charles Baldwin, Excavator, Kenneth Lundrigan, Plumber, and the Williamsburg Water and Highway Department.

In October, a gala open house was held which was attended by many who had enjoyed the library in past years. Copies of local artist Ken Bowen's drawing of the library were on sale at that time.

Plans are underway for further improvements to the library. Another anniversary celebration will be held in the spring of 1990.

Library hours are: Tuesday, 2 to 6 P.M.  
Friday, 2 to 6 P.M.  
Monday, 10 to 12 noon.

## ANNUAL REPORT OF THE HIGHWAY SUPERINTENDENT

During fiscal year 1989, eighteen (18) winter storms were treated. Ten (10) were snow storms totaling twenty-seven (27) inches of snow and eight (8) ice storms, four (4) storms lasting more than one day. We used 4500 tons of sand and 170 tons of salt to treat the storms. We also mixed 500 tons of "pea stone" with the sand applied to the dirt roads. This saved a large quantity of sand. Six (6) privately owned plows were hired to work in addition to the towns's equipment to plow snow.

In the 1989 construction season, Hyde Hill Road and Hyde Hill Branch Road were finished to the town lines. Drainage was improved on sections of Nash Hill Road, Ice Road, Old Goshen Road, and Hyde Hill Road in an effort to correct drainage onto the highway and erosion of the road edges and surfaces.

An improvement project was started on Mountain Street. Drainage pipes and catch basins were installed and the sewer main was extended onto Laurel Road. The water main remains to be up-graded and the road surface improved.

The Highway Department replaced the water main on Walpole Road.

The requests for funding and the necessary engineering reports for Village Hill, Old Goshen Road, Bridge Street and Hemenway Road bridges have been approved by the local State Department of Public Works office and forwarded to Boston for consideration. The request for funding to replace Geer Hill Road bridge is being considered by the State Department of Public Works locally. A request was submitted to the Department of Public Works to fund the reconstruction of Route 143. These projects will be considered along with all other projects in the Commonwealth.

The fiscal condition in the Commonwealth and its effect upon the Town of Williamsburg has resulted in approximately a \$ 70,000. decrease in highway construction money, while my conservative nature in the past has left money to continue work during this construction season. The money normally spent, but now not available, equates to roads not being repaired or rebuilt. It is my intention to continue highway maintenance and winter operations as near as usual as possible, and, pending reinstatement of Chapter 90 and other money, doing less or very little highway construction.

I wish to thank the Board of Selectmen for their confidence in me, the area contractors who provide us with excellent prompt service and especially the highway employees, John Kolosewicz and Linwood Clark for their dedication and expertise.

Respectfully submitted,

Roger Bisbee  
Highway Superintendent

## ANNUAL REPORT OF THE HILLTOWN RESOURCE MANAGEMENT COOPERATIVE

The Towns of Ashfield, Chesterfield, Cummington, Goshen, Hatfield, Huntington, Middlefield, Plainfield, Westhampton, Williamsburg, and Worthington make up the Hilltown Resource Management Cooperative. The HRMC is a unique organization created to serve the member towns and help them solve the complicated problems associated with waste disposal. Developing a comprehensive solid waste management organization demonstrated that to manage solid waste using innovative modern methods requires a full-time effort on the part of all the member towns.

During the past year, February 2, 1989 through January 1, 1990, the HRMC has been involved in four major efforts on behalf of its eleven member communities: These efforts were:

- 1) Negotiating the twelve year trash disposal agreement with the City of Northampton which has been signed by all eleven member Towns.
- 2) The commitment and recommendation to the Towns that the now operating MRF (Materials Recycling Facility) become a method for getting recyclable materials to market. The MRF program will help the towns save up to 20% of their existing waste disposal costs.
- 3) Development of a tire collection and recycling program. Tires will now be collected every six months at each transfer station site.
- 4) Proposal of a collective bid involving one hauler being awarded the contract to haul recyclables to the MRF from all eleven towns.

The remaining portion of the waste stream such as old clothes, yard waste, white goods recycling, tire recycling, plastics recycling, household hazardous waste collections, and demolition debris disposal, will be managed separately by the towns through the HRMC in the form of new programs during the coming year. The goal for the HRMC is to help the towns keep down long-term solid waste disposal costs during the tough fiscal times ahead by organizing recycling and solid waste disposal efforts among the member towns. Clearly, the best way to protect the environment, re-educate people and develop top quality solid waste management practices is to work together. I look forward to continuing to work with all of the towns during the coming year. This is your cooperative and together we can make it work.

Eric Weiss

Coordinator, HRMC

## Annual Report to the Town of Williamsburg from the Meekins Library

The Meekins Library is a public town library for all persons without charge. The Library provides informational, recreational, educational reading materials for the people of the Williamsburg area. The Meekins Library has the advantage of the Stephen Meekins trust funds to help finance it.

1989 was a busy year for the Meekins Library. During the fall of 1988, the Trustees began a building fund to replace the 95 year old library roof and to make other vital repairs and renovations to the building. The Trustees applied for a 1989 Massachusetts State Preservation Grant. However, because of the economy the state was forced to cancel the grant program for FY 89. A first stage goal of \$100,000.00 was set for the campaign; the library has raised over \$40,000.00 to date. Over \$13,000 of this was raised at the auction sponsored by the Williamsburg Historical Society. Many hours were donated by Chair, Butch Cone, and his captains: Susan Snow, Roger Graves, Fred Goodhue, Ann Johnson and Dave West. Auctioneer George Lewis and Barbara Lewis generously donated their time to run the auction.

The building fund was started with several vital donations of \$2,000.00 and \$1,000.00. The fund has also received a number of generous donations of \$500.00. Many of these were memorial gifts in the name of a loved one. The Friends of Meekins Library donated \$1,000.00. The Williamsburg High School Alums have been solicited, as has the general population. Several events were held to raise money for the building fund. The Lions Club sponsored two dances during the year. Sarah Elston performed a benefit puppet show for the library. The Globe Bookstore donated a percentage of their profits on a special day. The town spirit has been generous and the Trustees have pledged to replace the roof this spring.

The Meekins began an application for a matching energy grant in 1989. This will allow the library to replace an old furnace, install storm windows and doors, insulate the attic and possibly remove the asbestos in the cellar.

For the third year the town of Williamsburg received state funds for libraries that meet state minimum standards. The grant money is split between the Haydenville and the Meekins Library. By 1989 over \$9,000.00 had come to the two libraries which now meet minimum standards.

During 1989 the Meekins Library was awarded a state competitive grant to purchase books and set up a student curriculum support center. The award was for \$2,100.00. For many years the Library has been unable to provide the books and materials necessary to assist the high school students of Williamsburg with homework assignments. The Friends of the Library assisted the staff in processing the materials.

During 1989 Meekins Library hours were expanded. The Library is now open, Tuesday 10-5, Wednesday 10-8, Thursday 10-8 and Saturday 10-3. The Wednesday evening hours are staffed by volunteers.

Meekins circulation was up in 1989 to 20,777 from 17,000. 340 interlibrary loan requests were made through the Western Massachusetts Regional Library System.

In 1989 progress was made upgrading the outdated non-fiction section. The reference section was improved and a 1989 Encyclopedia Americana was purchased. During the fall of 1989 purchases were focused on mid range readers in the children's room. The town's \$5,000.00 appropriation made possible purchase of new fiction and non-fiction on a regular basis. Also, materials were selected in areas of proven interest to the Williamsburg community.

During 1989 children's librarian and professional storyteller Rochelle Wildfong continued her preschool story time. This popular program was held 50 Wednesdays at 10:00 am in the children's room. Ruth Gorham continued as the Meekins' "Green Thumb Worker", working 20 hours a week and paid by the federally sponsored program.

During April and May a museum exhibit, "A Bird's Eye View of Massachusetts." was exhibited.

To celebrate the 200th anniversary of the US Constitution the Library and the New England Foundation for the Humanities sponsored "New England and the Constitution". In the fall of 1989 the Friends of Meekins, the Library and the Massachusetts Foundation for the Humanities sponsored an adult reading discussion series, "Crimes and the Cultural Landscape."

During October an evening community series included slide presentations by Phyllis Labanowski: "Costa Rican Rainforest" and "Indigenous Peoples of Guatemala". Also, Chrystelle LaMothe presented her video "Portraits and Processes of Hilltown Artists." Approximately 100 people attended these shows. An ongoing Poetry Workshop meets at the Library.

"Scoop up a Good Book" was the theme of the 1989 summer reading program. 100 children signed up and many participated by reading books, winning prizes. Children and parents churned ice cream. Thematic Saturday science activities were conducted by volunteers George Fleck and Ann Bussler. A summer reading raffle was sponsored by Showtime Video, The Lunch Box, Williamsburg Pharmacy and Wildflowers of Williamsburg.

During the year works by artists : Fran Kidder, Greta Carey, Bob Marstall, Anita Rodriguez and Danny Bourbeau were shown. Photographs by Lida Moser and quilts by Sarah Fredette were hung.

The Library and the Williamsburg schools supported by funds from the Friends of the Meekins, the Williamsburg PTA and the Williamsburg Arts Council celebrated the "Year of the Young Reader 1989" with an ongoing author-illustrator series for all children in local schools. Patricia MacLachlan, Ann Turner, and Jane Yolen donated their time to this exciting program.

Meg Kelly set up a monarch butterfly display in the main reading room in the fall. Children and adults kept track of the 15 caterpillars as they changed to butterflies.

Volunteers contributed many hours to the library.

## ANNUAL REPORT OF THE OLIVER SMITH WILL

Under the provisions of the Oliver Smith Will, townspeople listed in the following categories received benefits during this year;

One (1) Widow                      \$ 200.00

Three (3) boys enrolled under the trade program

Trade persons working under an apprenticeship program may apply for benefits before the age of 19, but must serve until the age of 21. The sum of \$ 600. will be placed in a bank until that person reaches the age of 21. The one years interest is paid to Smith Charities and this money is in turn given to the trades person at the age of 22.

Brides (first marriage only) by applying within 90 days after marriage, may qualify for a gift of \$ 100.

Nursing students may apply within six months after entry into a nursing school for a \$ 360. gift upon graduating with an R.N. degree.

Widows with children under 18, who do not remarry and do remain within the Town may apply for \$ 200. annually.

Applications and information concerning benefits may be obtained from Dennis G. Dufresne, 80 Mountain Street, Haydenville, Ma 01039.

## ANNUAL REPORT OF THE PLANNING BOARD

During the past year, the Planning Board reviewed three subdivisions, approved the creations of a number of building lots on town roads and worked on several long-range planning projects.

After a public hearing and after receiving a ruling from the Board of Health, which voted against the project, the Planning Board rejected the definitive plan for a sixteen (16) lot subdivision on Nash Hill Road. The rejection came, in part, because the Planning Board could see no public interest being served by granting a developer permission for a road roughly twice as long as that allowed in the subdivision control laws.

The Board rejected plans for a five (5) lot subdivision on Mountain Street for technical flaws and omissions in the plans.

The Board devoted numerous meetings to a proposal for housing for the elderly on the Nash Hill Road. From a planning perspective the housing project was complicated because it was coupled with plans for a three (3) lot subdivision. The Board drafted a number of recommendations on the site plan for the housing for the elderly and gave its conditional approval to the subdivision late in the winter of 1990.

Eleven (11) building lots were approved during the past year; one on Chesterfield Road, two on Depot Road, two on Ashfield Road, one on Village Hill Road, two on Mountain Street and three on North Farms Road. Each met the town's zoning requirement of 200 feet of frontage per lot. Each lot was shown to offer safe and reasonable access across its frontage to a buildable portion of the lot.

The Board made a number of modifications in Williamsburg's subdivision control regulations, including increasing the fees for submitting preliminary and definitive subdivision plans. The fees were raised to more closely reflect the cost of reviewing and responding to subdivision proposals. The Board also changed the number of days allowed to review plans to bring the time periods in line with state regulations.

On another long range planning project, the Board continued its work with the Pioneer Valley Planning Commission on three proposed bylaws and supporting material being drafted by the planning commission under a rural design assistance grant from the Massachusetts Council on the Arts and Humanities.

Doris Shallcross resigned from the Board after serving for eight years. She was replaced by Kevin Wilson. Lincoln Fish resigned after more than five years. He was replaced by James Lawrence.

## ANNUAL REPORT OF THE RECREATION COMMISSION

1989 represented another year of exciting growth for the Recreation Commission's programs. The five week summer program averaged 55 children per day. A total of 116 children registered for the program, ranging in age from five to sixteen. Day trips to D.A.R. State Forest in Goshen, Look Park, Greenfield Community Pool, Mt. Tom Alpine and Waterslide, and Interskate 91 added to the usual offerings of games.

The twelve seasonal programs in soccer, basketball, volleyball, little league baseball and softball continued to show increased participation by youth and adults. Winter excursions to the YMCA to swim and to Interskate 91 were also heavily attended. All these programs continued to be staffed by adult volunteers to whom thank yous are ardently extended. More volunteers are always welcome and needed!

We look forward to a fun 1990 and a renewal of the constructive spirit of recreation.

Sincerely, The Commission

Cheryl Brooks, Treasurer

## ANNUAL REPORT OF THE BOARD OF SELECTMEN

The Board of Selectmen reorganized following the May Town Meeting with Jeffrey S. Ciuffreda as Chairman, Frederick W. Lewelling as Clerk and Veterans' Agent and Joan C. Baldwin as a new member.

This year was much more difficult to deal with due to the States Budgetary Crisis. These problems filtered down to the local level necessitating the reduction of appropriations, affecting several line items of the Town's budget at the special town meeting in January, 1990.

The Police Department consumed a great deal of the Board's time with numerous complaints from the citizens of the Town. The problem was resolved by a court judgement in December, 1989. The Board decided after consulting with legal counsel, that it was not in the best interest of the Town to continue litigation because of escalating legal cost and most importantly, the division in opinion of the Town's residents. The Board decided not to appoint another full time police chief and promoted police officer Ernest Hendricks to the position of Police Chief on a part time basis.

This year the Board undertook the long overdue task of conducting an inventory of all Town property. We hope to complete all departments in this fiscal year.

Because of vacancies on different boards and committees, the Board adopted a 'Talent Bank' form for residents. A resident may indicate his/her desire to serve the community in a specific area. This will help the Selectmen fill positions as they become available. These forms are at the Town Office.

The Quarterly All Boards Meeting continues to be well attended and helps to keep the lines of communication open between the Town boards and Committees.

The Board would like to thank all departments for an outstanding job performed, sometimes under difficult conditions. We would like to give a special thank you to Kathy Warner for her sincere dedication and expertise as secretary to the Board of Selectmen. If not for the dedication of these people we would not be able to provide the many services that the residents of Williamsburg enjoy.

Respectfully submitted,

Jeffrey S. Ciuffreda, Chairman  
Frederick W. Lewelling, Clerk  
Joan C. Baldwin

## SUPERINTENDENT'S TOWN REPORT

In these times of tight budgets and fiscal priorities it is important to remind ourselves that we provide a quality educational program for our children from pre-school through grade 12. We are fortunate to have teachers, administrators and school committee members who are committed to this process. For the most part, our students come to school, do well in school and stay in school until they graduate. They continue on to post-secondary education and become valuable and contributing citizens to our towns. They are the reason that we build schools, hire teachers and develop curriculum. They are the future.

As we move into the last decade of the twentieth century, we know that many of our children will graduate in the year 2000 and beyond. Curriculum and instruction does not remain static. It changes as students change, and as we develop new ideas through research and evaluation. Many of our teachers have recognized this fact and are participating in training sessions that occur after school, on week-ends and during the summer months. They voluntarily give of their time so that they can remain current with new instructional strategies. They return to the classroom invigorated and refreshed, brimming with new ideas and willing to share them with their colleagues. We can consider ourselves truly lucky that we have so many professionals dedicating their time and energy to children in our towns.

As we approach the next fiscal year with doubt and uncertainty, let us not forget the reason we are here, and let us salute the professionals who work on a daily basis with all of our children.

## ANNUAL REPORT OF THE TOWN TREASURER

During fiscal year 1989, on a cumulative basis, I held almost \$ 6 million dollars on behalf of the Town and returned to its benefit \$ 56,088.72 for the general funds and \$ 59,974.46 for specified funds.

During the period, I have been serving both the obvious duties and the additional duties of being a member of the Hampshire County Retirement Board, the County Administrator's group insurance committee, and as Treasurer of the Foothills Health District. Each of these duties is time-consuming, and, I hope, beneficial.

I would be remiss in failing to express my thanks to the operating staff of the Town, Kate Curtin and Kathy Warner, both for listening to my rantings about the financial problems facing the Town and for being so co-operative in giving assistance. I also have to give thanks to the Board of Health for hiring such a competent professional, Joan Barry, for being our first full-time health agent.

Respectfully submitted,

Donald D. Williston

## ANNUAL REPORT OF THE WATER/SEWER COMMISSION

The Water/Sewer Commission meets twice each month on the second and fourth Wednesdays at 7:00 P.M. at the Town Office building.

The water system serves 516 customers; 392 of whom are metered accounts and 124 are non-metered accounts. Our goal is to have all metered accounts.

The sewer system serves 333 customers.

The water is tested each month for chloriform bacteria and annually for many metals and other impurities. Our water tests within safe limits.

The sewer is monitored by the Northampton Sewer Department at a station on South Main Street and treated at Northampton's Sewer Treatment Facility.

During this year, the sewer main was extended on Mountain Street and Laurel Road to seven potential users. The water main was replaced on Walpole Road and a fire hydrant installed.

The Commissioners started an investigation to comply with the E.P.A. mandate to filter all surface water sources. It is the desire of the Commissioners to meet this requirement by expanding our well water capacities which do not require filtration and installing covered storage tanks to replace the open reservoir. This concept has the initial approval of the Department of Environmental Protection.

The vote at Special Town Meeting, December 5, 1988, to combine the sewer and water Boards of Commissioners was not sufficient to complete the Town's wish. The Board of Commissioners has filed legislation through Representative Jonathan Healy to change the original legislation establishing the Water Department and include the Sewer Department. This act will be submitted to Town Meeting when available for final ratification.

Respectfully submitted,

Walter E. Kellogg, III, Chairman  
Roger Bisbee

## ANNUAL REPORT OF THE WILLIAMSBURG SCHOOL COMMITTEE

The Williamsburg School Committee continued its commitment to provide a high quality of education for our children. As of September, there were 119 children enrolled at the Helen E. James School, which houses the pre-school through grade 3. There were 84 children at the Anne T. Dunphy School, grade 4 through 6. Between the two schools there are twelve teachers.

An accomplishment of the committee has been the establishing of goals for the 1989-90 school year.

- Goal 1            To maintain open communication with the whole community. The committee wants to have more contact with community members, with parents, with the library, with staff members and Town Departments.
- Goal 2            To support activities that align the curriculum with the 21st century. The committee wants to encourage staff presentations on curriculum issues, to review the homework policy and to support programs and procedures that encourage staff sharing of curriculum information between grades.
- Goal 3            To review and develop policy regarding staffing for the future.
- Goal 4            To provide facilities and equipment that support the educational program. The committee wants to work with the Trust Fund Committee and agree upon maintenance projects and equipment for the two schools.

The committee negotiated a new three year contract with the teacher's union. We hired two new full time teachers. We supported the development of a kindergarten through 6th grade health curriculum. We started to evaluate the all day kindergarten program by contacting parents for input and recommendations.

The committee appreciated the town's financial support and yet we continue to be faced with fiscal concerns as the cost of education and maintaining the buildings continues to rise. We applaud the support of parents, teachers and the PTA whose contributions are sincerely valued.

Respectfully submitted,

The Williamsburg School Committee
